

With two pull-out instruction books and a super starter-kit of tools, this pack is a complete guide to the art of watercolor, featuring everything you need to choose your tools, mix your colors, and begin creative painting.

Whether you're a watercolor novice or an experienced painter, *The Complete Watercolor Set* gives you the practical guidance and advice you need in order to create your own beautiful compositions.

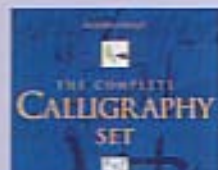

1 **THE KIT** contains everything you need to start painting. It features 2 different-sized brushes (a round and a flat), 6 tubes of paint, a pencil, and a sectioned mixing palette.

2 **THE TECHNIQUES BOOK** guides you through all the essential watercolor basics. From choosing and using the best brushes, paints, and papers to mastering painting techniques and acquiring the know-how to create dynamic compositions, here's everything you need to build up your skills and confidence.

3 **THE PROJECT BOOK** features step-by-step projects covering all the most popular subject areas, from landscapes and still lifes to animals and portraits. By following each stage from initial planning to finished painting, you learn as you go, taking the first vital steps toward developing your personal painting style.
